Does not meet measure specifications

**YES**
Received Intervention
Include in numerator (N)

Is there documentation of a relapse prevention intervention in the outpatient CR record?

**NO**
Do not include in numerator
Does not meet measure specifications

**YES**

Calculation Instructions

Percent of patients participating in CR who received tobacco cessation intervention and received a relapse or prevention intervention if identified as a tobacco user

\[
\text{Calculation Instructions} = \frac{N}{D1 + D2} = 100\% \times \frac{\text{Received Intervention}}{\text{Those identified as tobacco users}}
\]
