

EHR Outpatient Referral to CR – Massachusetts General Hospital

MASSACHUSETTS
GENERAL HOSPITAL

The screenshot displays the EHR interface for a patient named Carceo, Gina M. The main window is titled "Plan" and shows the "Medications & Orders" section. A search bar contains "cardiac rehab" and a "+ New Order" button is visible. Below the search bar, there is a "+ Patient-Reported Medications" button. The "List view" is set to "Meds & Procedures".

On the right side, the "This Visit" section shows "Allergies" with "No Known Allergies" and a "Mark as: Reviewed" button, indicating it was reviewed by the user on 2/6/2018.

A "Preference List Search" window is open, showing a search for "CARDIAC REHAB". The search results table is as follows:

Name	Dose	Freq	Type	Cod	Pref Lis	Formular	Copay	Covera	Resulting
Ambulatory referral to MGH Cardiac Rehab					Refer	REF	MGH	F/
